Terms of Business

DISCOUNTS. When remittance accompanies order, we allow a cash discount of 5% on all orders up to \$25.00. Above that amount, 8% is allowed for cash. To customers of approved credit, 3% may be deducted for payment within ten days from date of invoice.

BOOK ACCOUNTS. Customers who desire the convenience of a ledger account should supply the customary bank and trade references. All bills rendered on approved credit are due and payable in thirty days, net.

PRICES. *All prices quoted are postpaid.* This list cancels all previous offers.

C. O. D. SHIPMENTS. When requested to ship C. O. D., the collect fee is rightfully to be paid by the purchaser, but we allow the cash discount on the amount of the order.

ORDER EARLY! Since the demand for some varieties often exceeds the supply, order early to avoid disappointment.

DISCLAIMER. It is our endeavor to supply only the latest crop seed of the highest grade obtainable, and the quality, therefore, cannot be surpassed. We do not, however, give warranty either express or implied, as to the contents, purity, description or productiveness of any seeds sold by us, and will not in any way be responsible for the crop. If the customer does not accept the goods on these terms, they must be returned at once, and money will be refunded or proper credit given.

BEGONIAS

NOTE: Many leading Begonias are the result of crosses, and if their seed is harvested and grown by others, the seed of the second generation segregates and produces worthless mixtures. Therefore, our seed comes direct from only the most renowned Specialists (Originators wherever possible) and can be depended upon to produce plants true to name and which will show a marvelous uniformity in growth.

**RED PEARL — New**

RED PEARL (Gracilis). Truly a pearl in the dwarf class of Begonias. Grows about 5 to 6 inches high; small bronze foliage; glowing dark scarlet blossoms. Of unusual compact growth and such rich-branching habit that the profusion of blooms gives the appearance of an immense umbel of flowers. An outstanding novelty for beds, borders and especially valuable for pots. Resulting from a cross by one of the leading Begonia specialists in Germany, only this originator's seed can be depended upon to come true.

Originator's Packets
(Approx. 800 Seeds), \$1.50

Begonia Red Pearl

BEGONIAS (Continued)

DARLING (Liebling). Very large flowers of a pretty, brilliant rose color. Grows 6 to 7 inches high; free branching habit. One of the best winter-flowering (*Semperflorens*) Begonias. An excellent all year 'round pot plant, especially for sales from Christmas to Mothers' Day. And, because of this early-flowering habit, is invaluable for outside plantings in spring. Originator's true seed.

Tr. Pkt., \$1.00

CARMEN. Rose, Red and Salmon. Dwarf, bushy growers, with deep dark brown foliage. All are exceptionally free flowering and make beautiful showy pot plants. **Carmen Rose** was highly acclaimed by all who made their first sowing, and with the **Red** and **Salmon** completing the color range, these three Carmens bid fair to lead the dark-leaved class.

MARIGOLD

Gigantea Sunset Giants

Largest flowering Marigold ever known and the outstanding novelty for 1937. Blooms average 5 inches and some get much larger. And, the most distinctive characteristic is a definite sweet fragrance, instead of the usual Marigold odor. The plant is extremely strong growing, with six to eight heavy branches, each bearing three to six large flowers. Gigantea Sunset Giants is a mixture ranging from deep orange through golden orange, deep golden yellow, light yellow, lemon yellow and a delightful new shade of primrose. The strain comes from 60 to 65 per cent double. **Originator's Seed.**

Maintaining constant contact with seed growers, breeders and hybridizers all over the world, we are pleased to offer herein the most outstanding novelties, new strains, improvements on older varieties and all standard sorts. All have been tried in widely diversified sections and climates over the United States, and will undoubtedly prove popular and profitable for the Florist Grower. For the convenience of ready reference, the complete descriptions and illustrations will be found on these pages, arranged alphabetically, which cover the year 'round seed requirements for Florists and Nurserymen.

Attention is particularly invited to our leading specialties, i. e., Begonias, Calceolarias, Cinerarias, Cyclamen, Pansies, Petunias and Primulas. These offerings, produced by the World's Leading Seed Breeders—specialists in their respective fields—assure our customers of stock true to name and color, and which will show a marvelous uniformity and perfection in growth.
